The ₹200 UPI Advance Booking Engine

To protect Rathore Electronics from bogus inquiries and no-show orders, every product purchase or drone repair reservation is confirmed with a flat ₹200 UPI advance payment transferred directly into your bank account.

₹200**Flat Advance Amount**

Customizable in Admin Settings

0%**Payment Gateway Fee**

100% direct bank transfer via UPI

12-Digit**Bank UTR Verification**

Guarantees fraud-proof payments

5-Step Customer Booking Lifecycle

STEP 1

Select Item / Drone

STEP 2

Enter Phone & Address

STEP 3

Scan Dynamic QR Code

STEP 4

Submit 12-Digit UTR

STEP 5

Live Tracking & Receipt

NPCI Dynamic QR Code

Auto-Generated

Generates an instant, tamper-proof QR code encoded with merchant VPA (**8435930113@axl**) and exact ₹200 amount. Compatible with Google Pay, PhonePe, Paytm, and BHIM.

1-Click Mobile App Deep-Link

Mobile Ready

On smartphones, customers tap 1 button to launch GPay / PhonePe / Paytm directly with all fields pre-filled for effortless payment.

Bank UTR Reference Match

Fraud Proof

Customer enters their 12-digit transaction UTR number and uploads payment screenshot proof. Stored securely on Cloudinary CDN for admin audit.

Auto-Generated Booking Invoice

Printable

Calculates Total Item Cost, Advance Paid (₹200), and Remaining Balance due on Delivery / Handover with unique booking ID.

Anti-Fake Guarantee: No order is processed until the customer submits their UTR payment reference, ensuring that Rathore Electronics only dispatches inventory or technician time for verified customers.

5-Stage Live Order Tracking Pipeline

Both customers and store staff enjoy complete transparency through real-time order status updates and automated tracking timestamps.

Status Stage	System Meaning & What Happens	Customer Experience
 1. Pending Verification	Customer submitted 12-digit UTR and payment screenshot. Order is awaiting store manager's 1-click bank check.	Shows real-time verification countdown timer and review notice.
 2. Confirmed	Admin verified ₹200 advance in bank account and approved order. Inventory is reserved immediately.	Customer receives WhatsApp booking confirmation with Booking ID.
 3. Processing / In Repair	Technician is repairing the drone/appliance or packing electrical goods at the Vidisha store.	Status updates to "Work in Progress" in customer dashboard.
 4. Out for Delivery	Goods handed to delivery courier or technician dispatched to customer's address in Vidisha.	Customer notified with expected delivery time and remaining balance due.
 5. Delivered / Completed	Order handed over, remaining cash/UPI collected, warranty activated.	Full paid receipt unlocked in customer dashboard.

Customer Profile & Self-Serve Dashboard

Complete Order Invoices

[Records](#)

Customers can view all past orders, items purchased, repair notes, payment receipts, and balance breakdowns anytime.

Saved Delivery Address

[Auto-Saved](#)

Contact phone number and delivery address are automatically remembered, enabling 1-click repeat orders without re-typing.

Direct WhatsApp Support Link: Every order card in the customer dashboard includes a direct "Chat with Rathore Electronics on WhatsApp" button for immediate assistance.

Centralized Store Admin Portal

The Admin Dashboard (</admin>) empowers Mahendra Rathore and store staff to manage all orders, verify payments, update stock, and communicate with customers from any mobile phone or computer.

Core Admin Modules & Capabilities

Admin Capability	How It Works	Store Advantage
Order Verification Center	Displays customer name, phone number, address, booked items, 12-digit UTR, and uploaded payment screenshot popup.	Zero manual reconciliation errors. Instant fraud detection.
1-Click Payment Approval	Click "Confirm Payment" to approve the advance, or "Reject Payment" if UTR does not match your bank statement.	Full control over verified cash inflows.
1-Click WhatsApp CRM	Clicking the WhatsApp icon opens a pre-formatted chat with the customer containing their booking ID and confirmation message.	Saves hours of typing customer updates manually.
Status Pipeline Control	Dropdown to change order state: <i>Confirmed</i> → <i>Processing</i> → <i>Shipped</i> → <i>Delivered</i> .	Updates customer dashboard in real-time.

Instant Search & Multi-Filter

Productivity

Search orders instantly by Customer Name, 10-Digit Mobile Number, or Booking ID. Filter orders by status (Pending, Confirmed, Delivered) or date range.

Product & Inventory Management

Easily update your multi-category electrical and drone inventory in real time.

+ 1-Click Product Creation

[Catalog](#)

Add product titles, specs, original MRP, discounted selling price, category assignment, and stock counts.

Cloud Image Uploads

[Cloudinary CDN](#)

Upload product photos directly from your smartphone camera or computer. Automatically optimized for fast web loading.

No-Code Store Customization Panel

Change business details anytime without touching a single line of code:

Configurable Field	Current Live Setting	Impact on Website
Business & Owner Name	Rathore Electronics • Mahendra Rathore	Header, footer, invoices, & SEO tags
Helpline & WhatsApp	+91 8435930113 (Primary) • 7067586087	Click-to-call buttons & WhatsApp links
Merchant UPI ID (VPA)	8435930113@axl	Target for all dynamic ₹200 QR codes
Advance Booking Amount	₹200 (Configurable)	Calculated during checkout
Store Address & Location	Main Bus Stand, Atari Khejda, Vidisha (M.P.)	Contact page, maps, & invoices
